Member, American Iris Society

## Greetings . . . 1961

How fast time flies. It seems only a few days ago I was preparing copy for last year's catalogue and now the time has come to again prepare a new copy. Winter has been very good to us this year. Mild weather and a chance to be outdoors much of the time. With moisture and good growth last fall the iris look just grand. In no time we will be seeing the new blooms on the early dwarf iris. As many new varieties have been added to the show beds there will be lots of new things to see this year. The "Welcome" mat is always out so if possible do come and enjoy them with us. We like to have visitors and are happy to share their beauty with you.

We extend our sincere thanks to the many customers who have written such kind letters and cards of appreciation.

The spring garden tour of this region includes our garden and we hope to see many of you then. Wishing you all the best flowers ever in 1961.

Sincerely,

THE SMITHS.

## NEW INTRODUCTIONS—1961

WOODLAND TRAIL (C. Smith '61) sdlg. No. 56-118 (C. Toast X Starkist) 36" M. A lovely very clean looking cream and brown plicata. Standards nicely domed and lightly ruffled are cream flushed brown and semi-flaring falls are a clean cream with a wide rich border of dark brown: Stock is strong and well branched and plants are vigorous. Net -----\$15.00

COUNTRY BOUQUET (C. Smith '61) sdlg. No. 56-93 (Chantilly X Limelight) 36" M. Beautiful buff-yellow blend with all petals heavily laced. Standards dome and flower is very well balanced with semi-flaring form. One of our favorites that has received much favorable comment from the judges. Net. -----\$15.00

TALMO (C. Smith '61) sdlg. No. 57-2 (Cascadian X Samite) 36" M. Very large and ruffled medium violet-blue with a lighter area on the broad haft. Standards are nicely domed and beard is light cream. The substance and pleasing balance of the flower together with a strong well branched stalk makes this a worthy addition to any planting. Net -----\$15.00

NIOME (C. Smith '61) sdlg. No. 56-37 (Honeyflow X Sky Crystal) 36" M. Beautiful shade of light Kingfisher blue with heavy Gardenia-like substance. Medium sized flowers are semi-flaring and well proportioned with light ruffling. The beard is almost white and plant growth is vigorous and clean with a well branched alk. Net -----\$15.00

# GENERAL LIST OF NEWER TALL BEARDED IRIS

ADORN—(C. Smith '58) This is one of our best new iris that has won so much acclaim from the judges and garden visitors Deep butter yellow stds and glistening chalk-white fls. with accent on contrast. H. C. '58, H. M. '59.-----	22.50

## MEDIAN BEARDED IRIS

Median Iris are those that fill in the height range and bloom season between the early dwarf iris and the Tall Bearded. It includes those that grow from 10" to 28" high. In this group are some of the most exciting iris to be found—new colors and color patterns that are the result in most cases of crosses between the dwarfs and species with the tall bearded. They come in a wide range of height, color, and at last iris for arrangements.

MARINE WAVE—Vigorous blue. ....	.50		
MAORI KING—Stds yellow, fls brown. ....	.50		
MOONBEAM—Cream with nice form. ....	.50		

## DWARF IRIS

Charming little harbingers of spring, heralding the Iris Season. They start to bloom about April 15 here at Vermillion and continue well into the Tall Bearded season. Coming as they do with the early tulips, brightening up the rockery and perennial border, or for splashy little edgings, they are indeed a welcome addition to any well planned garden. Ranging in height from 3 to 10 inches, they require very little care, asking only for a well drained spot where they will be uncrowded and receive the warm sunshine. We have enlarged our plantings considerably to meet the increasing popularity and growing demand for these wonderful little iris. Please be assured that anything you choose from this listing will be the best available. You must be satisfied.

ABLAZE—Brilliant new variegata with a fiery color and orange beard. One of the very best new ones. ....	1.50	BRICKY—A new brick-red bitone. Bright and dainty. ....	2.00

## DWARF IRIS COLLECTION

10 assorted colors (my selection  
not labeled) postpaid \$1.00

**HOW TO ORDER:** We package and mail postpaid all orders amounting to \$5.00 or more. On orders of less amounts please add 50c for packaging and postage. Enclose cash, check or money order with your order. If cash is sent, protect yourself by having your letter registered. Residents of South Dakota please add 2% state Sales Tax. On orders of \$5.00 to \$10 choose 30% extra as a bonus. For \$5.00 choose an additional \$1.50 and so on; for \$10.00 or more choose 50% extra as a bonus; for \$10.00 choose an additional \$5.00 and so on. On orders for less than \$5.00 please suggest a few extras that you would like. We guarantee every Iris to be true to name and will replace any that fails to live if notified by October 1, 1961, but cannot be responsible for winter-kill. Rhizomes we send you will be carefully selected blooming size, grown in fertile pest-free soil. Give them a fair chance and every one should bloom for you the first year. We will not substitute without your permission. We send you exactly what you order, or promptly return your money for any we cannot supply in TOP-NOTCH QUALITY. Order early and plant early. We begin digging and shipping about July 5 and continue until about October 1, but the earlier you plant, the better the first year bloom will be. All orders are freshly dug. They should reach you almost as green and fresh as if dug from your own garden. Remember—we like to be generous; please list a few extra varieties so that we may select a gift which you would like. No spring delivery please.

### **Enjoy Iris — The Ideal Perennial**

The iris is easy to plant—easy to grow—hardy—dependable—disease resistant, almost pest-free—excellent for cutting—unmatchable for bouquets and artistic color arrangements—bloom faithfully—thrives and lives a lifetime with a minimum of care—will do well in most any sunny, well drained spot—withstand drought and neglect—responds beautifully to proper care and culture—provide amazing colors in beautiful tints, tones, shades, and combinations at prices to fit any budget.

### **JOIN THE AMERICAN IRIS SOCIETY**

Membership to the society will bring you four very fine bulletins each year. You will find every bulletin simply packed with articles on Hybridizing, Iris Culture, Planting, Varietal Comments, Questions and Answers and accounts of various gardens and the activities of the different regions. Dues are \$5.00 per year. You may mail your checks to The American Iris Society, 2237 Tower Grove Blvd., St. Louis 10, Mo., or you may mail the dues to us and we will make your remittance. On all orders sent to us with dues included we will send an extra rhizome or two as a gesture of good will.

If you do not find what you want listed, write us, sending a self-addressed postcard for reply. We have over 1000 named varieties, old and new, and may be able to supply your wants.
